• SNOOPY™

Snoopy and Charlie Brown are famous characters created by Charles Schulz for the Peanuts comic strip and Lladró artists have recreated them in porcelain in this dome lamp.

Snoopy Dome is a lamp made using the lithophane technique in which the light, thanks to the translucency of the porcelain, brings out the pattern etched on the surface. In this case, the characters of Snoopy, his faithful friend Woodstock as well as Charlie Brown appear against a painstakingly worked zig-zag frieze.

LORD GANESHA & LAKSHMI

This dome lamp comes with a USB-rechargeable LED module inside, with a dimmer switch to regulate the intensity of the light.

CHRISTMAS TREE LAMP

This cordless lamp is inspired by the spruce tree, one of the most universal symbols of Holidays celebrations.

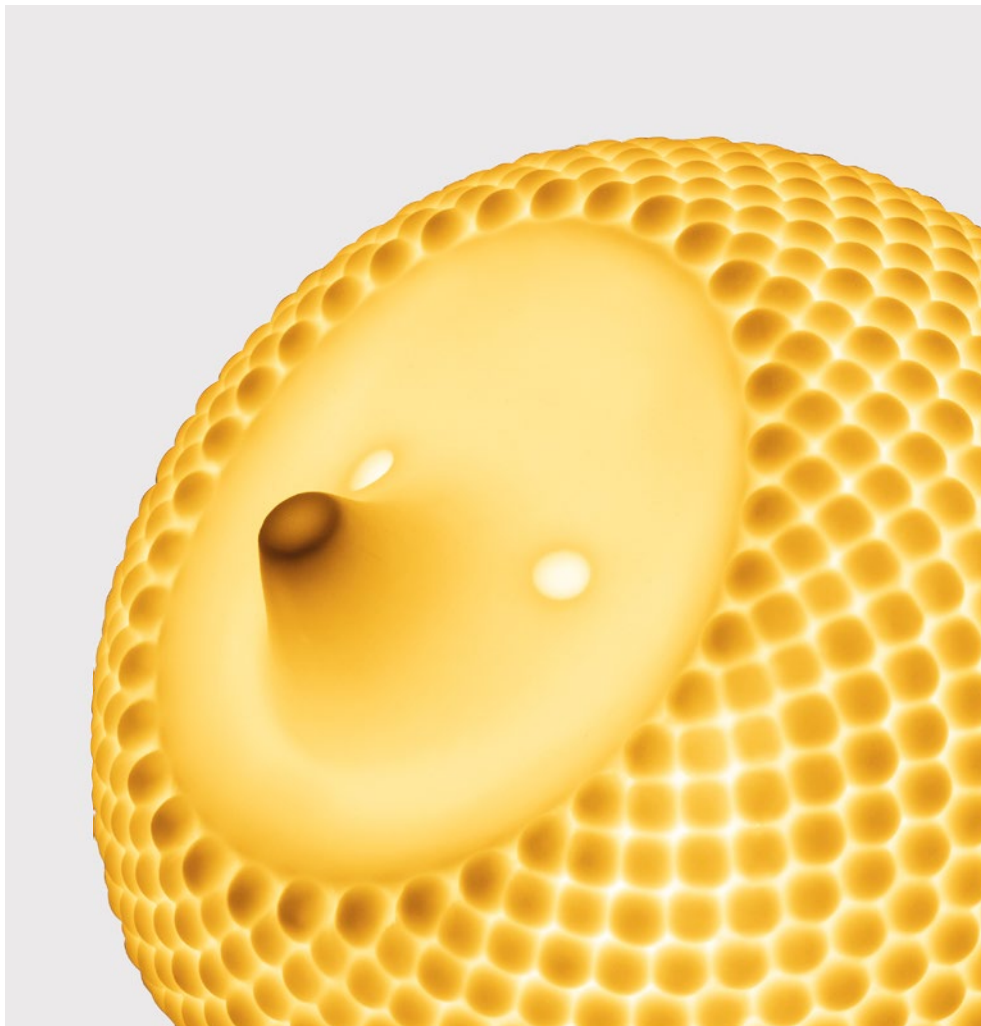

Made in matte porcelain, it is decorated with delicate etchings and touches of golden luster. When the lamp is turned on, all the patterns are brought to light, bathed in the warm lighting that filters the porcelain.

HEDGEHOG CORDLESS LAMP

- The Lladró design team took its inspiration from a cute little hedgehog to create this highly original lamp. The spines covering these little animals are transformed into smooth geometric volumes that play with the light thanks to the translucent quality of the porcelain.

This cordless lamp runs on a rechargeable USB system.

C O S M I C R O C K E T

Reminiscent of a traditional paper lantern with a twist, the *Ice Cream* lamp can be used as a table lamp or hung to create a pendant version.

The lamp is made in matte white porcelain and have a LED light inside. Thanks to the translucent quality of porcelain, when the light is switched on, the subtle smooth lines etched by hand on the surface are brought out.

The front of the base has a gilded plate with the Lladró flower logo which acts as the touch switch for the lamp and a dimmer to regulate the intensity of the light.

Ice Cream comes with a rechargeable battery, USB port and cable, making it as versatil as it is beautiful.

The *Lion perfume diffuser* brings functionality and scents to *Origami*, a collection inspired by the traditional Japanese art in which geometric forms produced by folding paper become facets with incredible sculptural and decorative potential. The matte black finish of this handcrafted porcelain design reinforces the intensity of the powerful shape of the lion's head.

• LION PERFUME DIFFUSER

MAJESTIC NIGHTS

Majestic Nights comprises a holder with four plates, a candle, an incense diffuser and a cordless lamp. All the pieces are decorated with a signature latticework design, meticulously etched by hand by the brand's team of ornamentation artists.

The perfect fragrances

The chosen aroma for the cones that contain the diffuser is a mix of incense and myrrh while the *Secret Orient* scent was chosen for the candle.

The murmur of water in the fountain, the scent of flowers and spices, the light filtering through the latticework. The pieces in the *Majestic Nights* collection are suffused with the spirit of the Thousand and One Nights, the charm and mystery of an age-old culture, of refined, delicate, and magical art. The taste for geometric decoration and painstaking ornamentation is the source of inspiration for a collection conceived for celebrations around the table or to create a warm, welcoming atmosphere with its play of lights and scents.

On the prairie

• BOLETUS

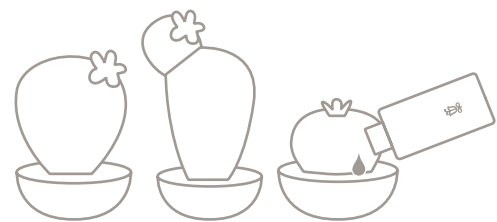

Boletus Fragens belongs to the family of liquid diffusers made with a specific and more porous Lladró porcelain, ideal for the diffusion of perfumes and fragrances with excellent olfactory restitution. The brilliance of golden luster is combined

with white matte porcelain in this original mushroom;

By pouring a few drops of perfume on its base, the diffuser expands and fills the air with the perfume *Gardens of Valencia*.

CACTUS

Bamboo, cassis, jasmine, wood... Simply by pouring the scent on their bases, these original diffusers will impregnate the atmosphere with the best aromas. *Cactus*, a collection of liquid diffusers entirely handcrafted in porcelain, is an homage to these plants of fascinating curves that combine the resistance of thorns with the fragility of beautiful flowers.

• IMAGINARY FLOWERS

The world of plants is an endless source of inspiration for Lladro artists. Its infinite organic forms and tones of color give rise to these designs of imaginary flowers that function as exquisite scent diffusers.

The flowers on these diffusers are made in glazed porcelain while the bases are made in porous matte porcelain, using a special formula that allows the scent of the fragrance poured on the bases to diffuse naturally in the ambience.

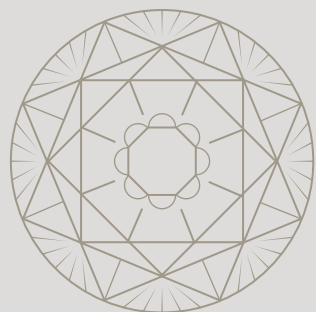

HEAVENLY DREAMS

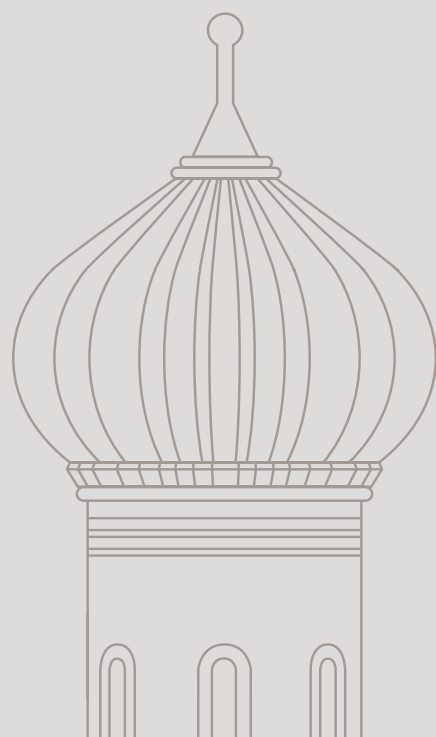

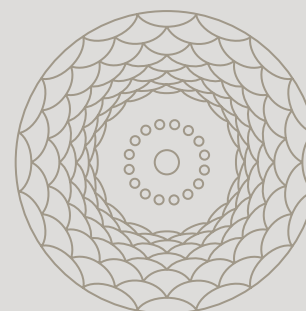

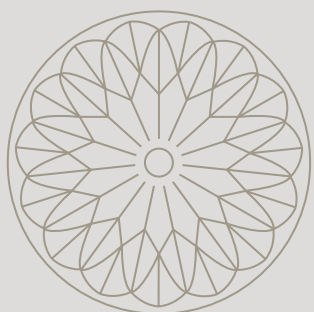

A sweet angel, one of the most famous images from Lladró's iconography, is the common motif of the evocative fragrances collection *Heavenly Dreams*, inducing a state of harmony, relaxation and joy. Candles and liquid diffusers are available in different fragrances.
